

One Acquisition Solution for Integrated Services Plus (OASIS+) is a suite of governmentwide, multi-award contracts designed to support federal agencies' procurement requirements for services-based solutions. It is GSA's evolution of the original OASIS program, building on its proven successes. As a more advanced suite of Indefinite Delivery, Indefinite Quantity (IDIQ) contracts, OASIS+ delivers next-generation professional services solutions. This Best-in-Class (BIC) contract vehicle—recognized by the Office of Management and Budget—empowers federal agencies to access innovative solutions from top-tier businesses. Designed for greater flexibility and user-friendliness, OASIS+ efficiently supports complex federal requirements and simplifies the process of soliciting and awarding task orders.

OASIS+ contracts are available to all federal agencies, including the DoD and FFRDCs, but not state/local agencies.

OASIS+ will:

- Fulfill federal agencies' non-IT service requirements
- Expand access to Best-in-Class non-IT service contracts
- Encourage competition among service contractors
- Maximize small business participation

OASIS+ KEY FEATURES:

- Flexible/expandable domain-based structure
- Global access to commercial and noncommercial structures
- No contract ceiling or cap on awards
- Highly qualified industrial base
- 10-year period (base of 5 years + one 5-year option period)
- Open on-ramping after initial award
- Price evaluation at contract level
- Task order solicitation through a single platform, GSA eBuy
